¶ Twenty years ago the average person hardly knew the meaning of "Favors." Today it is a popular word, and we feel that the house of B. Shackman & Co. is responsible for the change.

¶ We annually scour the foreign markets for Novelties and Quaint Conceits, and nowhere else in the world under one roof can be found such a variety.

¶ This catalog has thousands of suggestions for any occasion that you may think of, and we have tried to make it easy for you to order by mail.

¶ You are cordially invited, when in New York, to visit our beautiful store, where we have displayed all the Favors listed in this book.

¶ If you are not interested in this catalog, we would appreciate it very much if you would give it to someone who has use for it.

should be found in all high-class stores.

CONCERNING MAIL ORDERS

Sign your Name, Town, State and County very plainly to every letter. State amount of money enclosed. If goods are to be sent by mail, enclose sufficient to cover cost of postage, as we will under no circumstances pay mail charges, and if enough postage does not accompany the order, goods will invariably be sent by express.

Unless you have an account with us, our terms are strictly cash with order or C. O. D. by express.

Parties desiring to open an account must give New York City references. Remit by Registered Letter, Post Office Order, Express Money Order or Draft on New York.

REGARDING STAMPS

We positively will not accept stamps for amounts over \$1.00. If possible, always send Money Orders.

If stamps are sent, wrap them in wax paper, as otherwise they stick together and become useless.

We positively do not send samples or goods on approval. As most of our goods are of a breakable nature, it is always best to send them by Express, as we are not responsible for mail packages. In addition to this Express is usually quicker than mail.

Goods sent according to order cannot be returned or exchanged. Be explicit in ordering. Unless otherwise instructed, we will always substitute as near as possible if pattern ordered is not in stock. It would be well to give second and even third choice. Sending cash with order saves you the extra C. O. D. collection charges.

Reasonable time must be allowed us for the filling of orders. We particularly request you to make out orders on our order blanks, which will be cheerfully sent to you on request.

This department is one to which we have given our special attention and we take pride in saying that it has become the leading one of its kind in the country. The goods are made in a clean factory under the most sanitary conditions.

We make up these fancy cases in an immense variety of dainty and pretty designs and they make an effective addition to any dinner table.

These cases are used for serving Ice Cream, Punch, Sorbet, Bisquit Glace, Bonbons, etc., and are always appropriate as souvenirs.

It is well to allow three or four days for the making of these cases. Most of them can be made in any color.

Lace Papers

Lace Papers are becoming more generally used all the time. They are cheaper and cleaner than linen. If there is anything made in lace papers we have it. *Note*—Please do not confuse our lace papers with inferior domestic ones on the market, which though slightly lower in price, contain chalk and are not as sanitary. We have made special prices by the gross, so it would be well to order a supply at one time instead of paying the higher prices per dozen. One-half gross of a size can be purchased at the gross price. Less than one-half gross will be charged at dozen prices. Not less than 1 dozen of a size sold.

Snapping Mottoes

A table decoration and a source of amusement that is reasonable enough in price, not to be dispensed with at dinner, dance or party. There are two kinds of Snapping Mottoes. One kind contains grotesque hats only, while the other, in addition to the hats, contains amusing novelties of every description, gathered from all parts of the world.

These mottoes are imported from three different countries—England, France and Germany. What follows can give only a small idea of the immense variety we carry in stock. In ordering mottoes, it is advisable to depend on our selection to some extent. We do not break boxes, which always contain one dozen unless otherwise specified.

German Mottoes

Contain hats only unless we state otherwise.
